

Introducing....

Alexandria Wheeler

Dear Parent/Guardian:

Humansville R-IV School District has partnered with OCHC Urbana Medical Center to offer Behavioral Health Services on campus for the 2024 - 2025 school year. Alexandria Wheeler, Provisional Licensed Professional Counselor (PLPC) graduated from Drury University with a Bachelor's Degree in Science of Psychology (2010). She received her Masters of Clinical Mental Health Counseling from Colorado Christian University. As a clinical mental health care provider, Alexandria works as a therapist and counselor. Her goal is to create a safe and comforting space for individuals to discuss their lives, struggles, fears, and what brings them happiness and a sense of security. In a world that often feels chaotic and noisy, she aims to help people big and small find peace and mental relief when they come to seek support from her. Cultivating an atmosphere of safety and relatability is essential, and achieves this through continuous education on evidence-based research as well as drawing from personal experiences of life's ups and downs. Alexandria firmly believes that understanding individuals goes beyond formal education; it requires a deep appreciation for the life experiences that shape us all. OCHC is committed to providing qualitative, genuine support to children and families. As a federally qualified health center, OCHC works to meet the health care needs of the communities and surrounding areas. OCHC offers Medical and Behavioral Health services in Hermitage and Urbana, as well as, Dental services in Hermitage, Bolivar, Greenfield and area schools through the Miles for Smiles Mobile Dental Unit.

This program will provide any pre-registered child an opportunity to receive Behavioral Health Services at school.

We look forward to working with you to provide the best possible Behavioral Health Services for your child. If you have any questions or concerns, please contact OCHC at (417)993-1002.

Sincerely,

Scott Crouch
